Marina Electrical - revised 7/20/26

We propose the following:

- Install new 100 amp electrical service at top of stairs to marina basin. This will require trenching through the landscape / flowers and jetting under sidewalk. Although we will try to minimize the damage to landscape we cannot be responsible for any that may occur.
 - Install 8 space weatherproof panel at this location on CONCRETE BANJO POLE.
 - Rewire J boxes at top of stair area.
 - Install new PVC conduit to refeed J boxes.
 - Inspect existing wiring going to marina basin outlets and poles.
 - Replace wiring as needed to basin receptacles and post light. Anything in PVC with new style of wire will remain.
 - Install 3 new 20 amp circuits for electric gates.
 - Replaced "broken" pvc boxes, 7 total if needed.
- With this new panel we will be able to split up circuits in marina area.
Labor, material and permit fees included.

COST: \$20,100.00

Contract

Exclusions: Any additional work not listed on this proposal will be an additional charge.

Terms: 100 % balance due upon completion of work unless otherwise notated.

Disclaimer: I understand and accept the estimate, specifications and conditions. I have authority to authorize the estimate. Terry's Plumbing, Service Inc. is authorized to do the work as specified. The seller will retain title to all equipment and parts until payment in full is received and can be repossessed in the event of non-payment. Unless otherwise notated, payment is due in full upon completion of work. A finance charge of 18% will be added to account on past due amount. The customer agrees to pay all attorney fees, court fees, and all collection cost of past due account. Customer shall carry fire, tornado and other necessary insurance. Customer shall assume risk of loss or damage to equipment after the equipment is set in place on the job. Any modifications, amendments or changes will be in writing and signed by both parties. It is the customer's responsibility to meet permit inspector for all inspections. If inspection fails due to customer not being at job location when inspector is there, the customer agrees to pay re-inspection fees.

This estimate is valid for 30 days from date.
